

Svenskt Tenn

Founded in 1924, this celebrated gallery-store is the source for classic Swedish and Danish design and textiles. The lighting, printed fabrics, wallpapers and furniture were designed in classic style by Josef Frank, Svenskt Tenn's longtime art director. The only licensed Fornasetti dealer in Sweden, Svenskt Tenn is a trove of one-of-a-kind furnishings that meld European precision with Swedish functionalism. There is an interior design studio and café, Tesalong, located on the second floor.
