

Best Family Spring Break Ideas 2022: Where to Go With Kids This Spring

Courtesy Curtain Bluff

Spring is one of the best times to hit the places your family has been dreaming about. Whether you're heading to an off-season hideout or to a popular Spring Break family destination, many of Indagare's top properties book up far in advance, so now is the time to plan a spring getaway. Read on for some of our favorite spots for a multi-gen spring getaway, from indulgent villa rentals to beachfront resorts and the ultimate outdoor adventure lodges.

Contact your Indagare Trip Designer or Indagare, if you are not yet a member, to start planning your spring break trip—for this year and the future. Our team can match you with the accommodations and activities that are right for you and provide information on [coronavirus travel safety](#), [destinations that are open to travel](#), [Covid-19 hotel policies](#), [transportation options](#), [private villas and charters](#) and more.

DOMESTIC FAMILY SPRING BREAK IDEAS

Florida

Courtesy Four Seasons Resort Palm Beach

As one of the few U.S. destinations with warm enough waters for swimming in March and April, Florida is a great choice if you're looking for a hassle-free, warm-weather retreat. And from the buzzy world of Orlando to the more serene Palm Beach, there is a family-friendly resort for every occasion.

Gasparilla Inn in Boca Grande is a great option for multi-generational families looking to start a Spring Break tradition. Most of the guests have been staying here for years, and they keep returning thanks to the wealth of activities available for all ages. There are seven clay tennis courts, a golf course, a spa, an array of fitness classes, fishing and, of course, swimming and sunbathing at the two pools or the Gulf.

Families looking to experience the magic of Disney World without sacrificing high-end accommodations should consider the **Four Seasons Resort Orlando**. The 27-acre resort is just a short shuttle ride from the amusement parks and offers on-property options for children and adults alike, including an extensive kids' club with pools, waterslides, a lazy river, a game room and themed breakfasts with Disney

characters. There is also a golf course, spa and adults-only pool for parents.

A quieter option is [Palm Beach](#). The small coastal city, a longtime winter favorite of glamorous East Coasters, has something for everyone, from tennis, golf and water sports to top shops and restaurants. The city's storied *grande dame*, Indagare Index-property [The Breakers](#), has an ultra-luxurious spa, members-only Beach Club (accessible to hotel guests) and wonderful kids' club. The [Four Seasons Resort Palm Beach](#) is located just outside the city, a 15-minute drive from the tony shops of Worth Avenue. Set on a sandy beach, this relaxing property has exceptional service, a game room for teens and great kids' programs.

Hawaii

The Big Island. Courtesy Indagare

April is the end of the wet season in Hawaii, and with temperatures hovering between 70 and 80 degrees and the rainforests and botanical gardens in bloom, it is a great time to visit this far-flung U.S. state.

The ultimate flop-and-drop destination, the [Four Seasons Resort Hualalai](#) on the [Big Island](#) is a favorite among families, with many of the longtime staff watching kids grow from toddlers to teenagers year by year. The resort has three pools, tennis courts, a

climbing wall, workout classes, dance and crafting classes at the cultural center. Another highlight: the resort's 13 ponds, namely King's Pond, which is now home to 3,000 reef fish and makes for a great controlled snorkeling environment for young kids.

For more adrenaline, the [Four Seasons Resort Maui at Wailea](#) provides access to all the activities [Maui](#) has to offer, including surf lessons, hiking, horseback riding, Haleakala Volcano and some of the world's best whale watching, which is only available December through April. The resort itself has plenty of activities including a game room and tennis courts, and you can snorkel with sea turtles directly from the property.

Utah

Courtesy Montage Deer Valley

[Utah](#) is a perfect place to celebrate the end of ski season, thanks to an easily accessible location that makes it a great option for shorter breaks. With the dry air and slightly warmer temperatures typically beginning in mid-March, you could easily pair a half day of skiing with a comfortable hike or bike ride through the desert brush.

[Stein Eriksen Lodge](#) in [Deer Valley](#) commands an unparalleled ski-in/ski-out perch

mid-mountain, and the beloved hotel, inspired by traditional Austrian chalets, has a charming sense of place for travelers drawn to old-school properties.

Meanwhile, **Montage Deer Valley** blends the grand ski palace tradition with a distinctly Western atmosphere and modern amenities. Though it is located a bit further from the beginners' ski school than some of the city's other properties, amenities (including a kids' club, bowling alley and games galore) make it a great après-ski hangout for children and teens, while parents can enjoy the lodge's fabulous spa and the Après Lounge, an outdoor yurt stocked with Veuve Clicquot.

Other Options: Aspen, Vail, Jackson Hole and Lake Tahoe, or New England's ski mountains

Montana

Courtesy The Ranch at Rock Creek

For family fun that isn't centered around skiing, head to **Montana**, where the scenery is beautiful, the Western charm abounds, and the vibe is authentic and laidback. **The Ranch at Rock Creek**, perennially popular during the summer months, also has plenty to offer as the winter chill thaws, including late-season snowshoeing, snowmobiling and horse-drawn sleigh rides. Indagare can even organize a day of crowd-free skiing and

snowboarding at the Discovery Ski Area, after which you can enjoy an outdoor barbecue.

Georgia

Courtesy Sea Island

Spring in Georgia means average temperatures from a low of 65 degrees to a high of 80 and is the season of festivals ringing in the growing season.

A tried-and-true family-focused spring break destination, [Sea Island Resort](#) is ideal for multi-generational families. The sprawling waterfront property offers plenty of activities for all ages, with fishing trips and three golf courses, plus an extensive list of kids' activities, including archery, art programs and hands-on nature and wildlife experiences. The accommodations are equally as varied, with guest rooms, villas and cottages to satisfy any rooming arrangement. Meanwhile, families interested in American history (and great food) will adore [Savannah](#), where the [Perry Lane Hotel](#)'s rooftop pool makes a fabulous hangout spot after a morning touring the city.

Other Option: [Charleston](#)

INTERNATIONAL FAMILY SPRING BREAK IDEAS

Morocco

Photo by Lizzie Eberhart, courtesy Indagare

Verdant gardens filled with blooming flowers and a backdrop of snow-covered mountains: we love Morocco in the spring, when days are sunny and warm—but not stifling—and nights are refreshingly cool. You can experience many of the country’s highlights with just five days on the ground, making it a great Spring Break option.

La Mamounia’s 17 acres of manicured gardens and distinctly Moorish architecture make this palatial resort within the **Marrakech** medina feel a bit like a (kid-friendly) museum. But with a highly attentive staff, great restaurants and a year-round heated pool, it has all the modern comforts and is a great home base for family explorations in and around Marrakech.

For a retreat from the bustling city and for families looking for outdoor activities, **Kasbah Tamadot** in the Atlas Mountains is a great complement to Marrakech. Enjoy tennis, biking, horseback riding, quad biking and 4×4 excursions, as well as hiking through the mountains to nearby Berber villages. Although this resort typically only allows children 12 and up, there is a brief period at the end of March through the

beginning of April where all ages are allowed.

Note: *Morocco, currently closed to international arrivals, is expected to open reopen February 2022.*

The Caribbean

St. Barth's. Photo by Emily Clark, courtesy Indagare

From March to May, the Caribbean promises minimal rainfall and balmy temperatures in a gorgeous setting. A favorite among families, [Curtain Bluff](#) in [Antigua](#) has a low-key atmosphere and exceptionally warm service from staff who make every guest feel at home, no matter their age. Kids can feel active and independent here, enjoying the basketball court, swings, pool and more. The rate is all-inclusive, which encompasses activities, whether you want to go deep-sea fishing or scuba diving, play squash or join a tennis clinic. This is particularly wonderful for older kids, as they can easily set off on all sorts of adventures.

The [Four Seasons Anguilla](#) strikes an appealing balance between feeling hip and

laidback, and it is sure to please both those family members who want a sceney resort experience and those who prefer to fly under the radar. Offering gourmet and casual dining options and plenty of activities, it is a sure-fire hit for many.

And in [St. Barth's](#), the family-friendly cottages and villages at [Eden Rock](#) allow privacy with the benefits of the hotel's infrastructure and amenities (room service, daily breakfast and spa and fitness center access to name a few). In addition to housing two of the island's best restaurants, this hip St. Barth's resort offers a wealth of programming for kids and adults, including jazz classes, hikes, art lessons and pastry workshops, plus shopping at Eden Being.

For active families seeking an adventure that's still on island time, the [Viceroy Sugar Beach](#), set on a 100-acre UNESCO World Heritage Site, has one of the only white-sand beaches in the area, plus kayaking, sailing, snorkeling, windsurfing and scuba diving in the National Marine Reserve. If that's not enough to keep your family busy, a drive-in volcano, botanical gardens, zip-line cables, waterfalls and sulfur springs are just a few minutes away.

Other Options: [Belize](#), [Mexico's Riviera Maya](#) or [Riviera Nayarit & Los Cabos](#)

Greece

Photo by Peter Schlesinger, courtesy Indagare

For families seeking cultural education coupled with fun in the sun, [Greece](#) offers a great spring escape. Temperatures range comfortably in the mid 60s to mid 70s range, making it a much more enjoyable time for exploring the country's cities, ancient ruins and rugged mountains (which are covered in a blanket of wildflowers during the season).

We love spending a few days in a villa at [Amanzoe](#). This hilltop property on the Peloponnese looks more like the Parthenon than a hotel, and offers ATV excursions, a great location for hiking to see historic sites, as well as tennis courts. Off the mainland you can sail, hike and rock climb on uninhabited islands and explore the charming villages on nearby islands like Hydra and Spetses.

In [Athens](#), the [King George](#) is centrally located and the most convenient option for exploring the city, from the famed Acropolis to vibrant neighborhoods like Monastiraki. The grand hotel emanates Old World elegance, and is less buzzy than its sister [Grand Bretagne](#), and its soundproofing and larger rooms make it a great spot for families looking for a comfortable base. If seeing the ruins at Sounion and more resort time are higher priorities than Athens itself, the [Four Seasons Astir Palace](#), just outside of the city, is a favorite for families.

Other options: [Egypt](#), [Jordan](#), [Rome](#)

Related: [Best Places to Travel with Kids Aged Six to Eleven](#)

Costa Rica

Photo by Christian Horan, courtesy Four Seasons Hotels & Resorts

Families hungry for even more adventure can head to [Costa Rica](#), where time spent relaxing on the beach is combined with thrilling jungle excursions. On the Papagayo Peninsula, the [Four Seasons](#) offers an upscale option in an otherwise low-key destination, and the resort is relatively easy to reach, which is a helpful perk for families and large groups traveling together. The hotel has an eco-friendly Arnold Palmer 18-hole golf course, a fitness center and spa, a kids' club, tennis courts and endless activities for all ages. The [Andaz Costa Rica](#) is another family-friendly option, with a kids' club, family pool and plethora of complimentary activities. Inland, within reach of the towering Arenal Volcano, **Nayara Gardens** (the family-friendly sister to [Nayara Springs](#) and Nayara Tented Camp) is a top option for those who prefer being fully immersed in the jungle over beach time.

Chile

Torres del Paine. Photo by Natalie Biedron, courtesy Indagare

Chile is an adventure-loving family's dream that is great for older children, and March and April are one of the few times when you can avoid most extremes of Chile's unpredictable weather *and* the overpowering crowds during Chile's summer season (December through February).

The wall-to-wall windows in [Awasi Patagonia's](#) 14 private villas take full advantage of the stunning mountainous views of the snow-capped [Torres del Paine](#). A trip here consists of daily private excursions, with activities like horse-back riding, trekking and climbing. The locally sourced cuisine is excellent, and the seclusion and expansive property makes for sightings of guanaco, rabbits and foxes as well as some of the best stargazing in the world (from the villa's private hot tubs).

Meanwhile, [Tierra Atacama](#) has a huge roster of excursions for exploring the otherworldly salt-flats, lagoons and hot springs of the [Atacama Desert](#), and is characterized by its "adventure-spa" philosophy: they encourage guests to experience the outdoors to the fullest extent before returning to relax at the property.

Note: *Chile currently is open to U.S. travelers who can provide a "Travelers Affidavit", a negative PCR test within 72 hours before departure, proof of health insurance that provides COVID-19 coverage and a Mobility Pass. This trip needs to be planned in advance to provide time to acquire a Mobility Pass (minimum of four weeks). [See the](#)*

Scotland

Photo by Janine Yu, courtesy Indagare

It's an often-underrated destination, but [Scotland](#)'s relative proximity to the U.S. (non-stop flights from New York to Edinburgh take approximately seven hours) ensures that it can be done—and done well—in the short timeframe afforded by a typical spring break. And luckily, the spring is one of the most magical times to view the Scottish landscape, which sees blooming yellow gorse and daffodils in the countryside, violet crocuses lining the city streets and dew glimmering on tree bows and shingles countrywide.

A night or two in Edinburgh provides enough time to see and enjoy the historic city, including its famous castle. *Harry Potter* fans will want to check into the J.K. Rowling suite at [The Balmoral](#), where the author finished writing the final installment in her beloved series. Combine city and country with a few nights at [Gleneagles](#), a pastoral playground in the Scottish Highlands ideal for families. This special Scottish property is known for its golf courses, but activities for all ages include archery, falconry, riding and more.

Other Options: [London](#) or the [English countryside](#), [Ireland](#)
